

# PROG

#72 2016 Prog CD

**PROG**  
ON THIS MONTH  
**TALES OF THE FUTURE**  
Over an hour of the hottest prog  
for you with Prog's warmest

**2 BUILT FOR THE FUTURE**  
WALLS

Hailing from San Antonio, Texas, Built For The Future's crossover prog first saw the light with their critically acclaimed 2015 debut album *Chasing Light*. Taking influence from a melting pot that includes Rush and Tears For Fears, they're definitely ones to watch. From *Chasing Light* on Newspeak Music [builtforthefuture1.bandcamp.com](http://builtforthefuture1.bandcamp.com)

**THE SYNTH ISSUE!**  
Future sounds of Vangelis, Tangerine Dream, Jarre and more changed the face of prog in the 70s

**PROG**

**Wangelis**  
In a rare and exclusive interview, Vangelis opens up on *Alexandros' Child*, Jon & Vangelis and much more

**Tangerine Dream**  
"The wonderful thing about electronic music is it's all intuitive and creative."

**Jean-Michel Jarre**  
Going back to where it all started with *Oxygène 3*

**King Crimson**  
How Robert Fripp remodelled the prog legends for the 60s

**Steve Hillage**  
"There was no grand plan. It evolved with things I was interested in."

**The Sea Nymphs**  
Cardiacs leader Tim Smith gives his first interview in seven years!

"It's important to understand that, for me, making music is a process that is as natural and instinctive as taking a breath."  
Vangelis, Paris, October 2016
